Part II – CNR Routes

by

Robert K. Lane, O.T.B.

The data contained herein have been organized by Manitoba RPO routes. The data are from the files of Ross Gray, with some input by the author. Dates for RPO data change frequently, as new examples are found and reported. Consequently, users should be aware that some differences might exist between this data set and actual current reports.

Users should also be aware that the Ludlow listings numbers used here will be changed with the completion of a revised catalogue, presently being undertaken by the British North America Philatelic Society RPO Study Group.

I take responsibility for any errors. In instances of financial importance, users are asked to confirm data elsewhere.
